YOU'RE ALWAYS WELCOME

at Hamilton City Salvation Army

We have a lot to offer all week long here at our London Street Centre. We open weekdays to serve the community in a variety of ways and provide faith-based connection points for every age group. You can also come along to our family friendly worship services which take place every Sunday at 10:30am. We look forward to catching up with you.

COMMUNITY SUPPORT

Here at the Hamilton City Salvation Army we offer a range of support. If you would like to find out more, please don't hesitate to contact us.

Social Support: We conduct an assessment with a person that highlights areas where support might be required. Outcomes are identified, networking, advocacy and practical help are discussed and actions toward change are pursued. Short and long term assistance is available, dependant on need.

Welfare Services: An assessment is done to establish emergency welfare need (furniture, clothing or food), contributing factors are identified and supports put in place if needed. For furniture assistance, a social worker will visit the person's home to verify need, assistance is then sought from our Family Store.

Community Finance: The Community Finance Case worker promotes and provides no interest loans and step up loans service, to those on low to medium incomes. Subject to meeting the criteria, loans can be furniture, whiteware, computers, and sometimes motor vehicles etc.

Foodbank: Our foodbank operates as a temporary measure to assist with food in times of real emergency. Food parcels can be applied for Tuesday, Wednesday and Thursday 10-12 noon. We work in partnership with other foodbanks around the city.

Positive Lifestyle Programme: PLP is a strength based programme that encourages participants to develop a greater sense of self worth and a better understanding of themselves, their life, and their potential for development. The one hour per week, one to one sessions cover the topics:- Self Awareness, Anger, Depression & Loneliness, Stress, Grief & Loss, Assertiveness, Self Esteem and Future Directions. The course is free for participants with children under 18.

Supervised Child Contact: Designed to facilitate contact between children and visiting parents or family members when supervision is required. We have a private purpose built space that is safe for children to meet and stay connected with parents and family members.

Child Centred Play Therapy: Designed for children between 4-10 years old. Play therapy provides the child with opportunities to "play-out" situations and explore emotions which cause them to feel afraid, anxious, worried, angry or sad.

Changing Places: A 12 week residential programme for parents with children in their care who are ready to improve outcomes for their families. Parents will engage in a full educational programme and mentoring that develop habits and skills needed for the 21st century.

Parenting Education: These weekly classes focus on assistance and support with parenting issues, life skills and education. This 10 week course includes education on: Parenting styles, stages of child development, managing good behaviour, boundaries, stress, positive parenting. All are welcome, 10am - 12pm every Wednesday (during the school term) 94 London Street.

Financial Mentoring: The programme provides financial education and money management training to people who are experiencing debt. Advocacy and support can be offered so families can make the necessary changes to a more sustainable lifestyle.

Senior Services: This is a friendship/visitation service for seniors. Volunteers assist with visiting clients regularly for one hour per week in the comfort of their own homes.
