# COMMUNITY SUPPORT

*Here at the Hamilton City Salvation Army we offer a range of support. If you would like to find out more, please don't hesitate to contact us.*

**Social Support** - We conduct an assessment with a person, that highlights areas where support might be required. Outcomes are identified, networking, advocacy and practical help are discussed and actions toward change are pursued. Short and long-term assistance is available, dependent on need.

**Community Finance** - The Community Finance Case-worker promotes and provides no interest loans and step-up loans services, to those on low to medium incomes. Subject to meeting the criteria, loans can be furniture, whiteware, computers, and sometimes motor vehicles etc.

**Foodbank** - Our foodbank operates as a temporary measure to assist with food in times of real emergency. Food parcels can be applied for Tuesday, Wednesday and Thursday 10-12noon. We work in partnership with other foodbanks around the city.

**Positive Lifestyle Programme** - PLP is a strength based programme that encourages participants to develop a greater sense of self worth and a better understanding of themselves, their life, and their potential for development. The one hour per week, one to one sessions cover the topics: Self Awareness, Anger, Depression & Loneliness, Stress, Grief & Loss, Assertiveness, Self Esteem and Future Directions. The course is free for participants with children under 18.

**Welfare Services** - An assessment is done to establish emergency welfare need (furniture, clothing or food), contributing factors are identified and supports put in place if needed. For furniture assistance, a social worker will visit the person's home to verify need, assistance is then sought from our Family Store.

**Supervised Child Contact** - Designed to facilitate contact between children and visiting parents or family members when supervision is required. We have a private purpose built space that is safe for children to meet and stay connected with parents and family members.

**Child Centred Play Therapy** - Designed for children between 4-10 years old. Play therapy provides the child with opportunities to "play-out" situations and explore emotions which cause them to feel afraid, anxious, worried, angry or sad.

**Changing Places** - A 12 week residential programme for parents with children in their care who are ready to improve outcomes for their families. Parents will engage in a full educational programme and mentoring that develops habits and skills needed for the 21st century.

**Financial Mentoring** - The programme provides financial education and money management training to people who are experiencing debt. Advocacy and support can be offered so families can make the necessary changes to a more sustainable lifestyle.

**Senior Services** - This is a friendship/visitation service for seniors. Volunteers assist with visiting clients regularly for one hour per week in the comfort of their own homes.

## CHILD SAFETY TIPS

Children are a treasure and should always feel safe and protected. Here's what we can do to keep children safe at church:

### BE VIGILANT

Always keep an eye on your child.

If you are not able to, make sure there's a trusted adult around to watch them.

### BUDDY UP

Having a buddy or trusted friend helps children feel more secure.

### SPEAK OUT

Talk to someone if you are worried about a child's safety. You can talk to the children's worker or any of the church leaders.

**LET'S ALL DO OUR PART TO KEEP OUR CHILDREN SAFE!!**

*"Children are a gift from God, they are a reward from Him"* **Psalm 127:3**
